Signature Collection

'After making the 2015 Signature Collection, I continued experimenting with techniques of hand-applied gold embellishment... pushing out in different directions, keeping a cohesive look. The pieces that emerged from this process have a common theme of love... romantic, patient, comforting, timeless love.'

27539 Duet
Our Love Song
Size: 12.0cm x 12.0cm (24.0cm wide when open) **new**

'I see Duet as a very personal gift, like giving a piece of jewellery; something small and treasured. When you open this love box, Duet, I hope you will think of the person who gave it to you, just like when you wear a piece of jewellery that you love.'

Vigil

Luminary of Love

'I wanted this to be a strong message of hopefulness and healing. The gradations of gold and white suggest a glow from within. Vigil can be seen as a welcoming piece as well as a bereavement piece; a healing piece, a serene piece, a piece of comfort and mindfulness.'

The 2015 Signature Collection

'I embellished the surfaces with gold dots – symbolizing light, or energy, hope, inner strength... Gold connotes preciousness and enduring value, befitting this special collection.'

figures relationships

'Willow Tree is not necessarily a likeness, it's a way of conveying emotion... a reminder of someone we want to keep close, or a memory that we want to touch, or see. I hope that people can recognize subtle expressions or gestures of those they love, and from that, be able to select pieces that are uniquely meaningful for them.

Family Groupings are most engaging when the pieces appear to be interacting, turned toward one another, touching, like families do. It's the little things that we pick up on, the small gestures that are unique to each person. That's what we see in those we love.'

love / healing / remembrance

'I carved this memorial in dedication to those who have suffered a loss in the service of others. I want to quietly honour the courage of the hero who has died, and the everyday courage of the hero who is left. I see it as very much a memorial. On a very personal level, keeping safe your memory is an intimate promise made to one who is gone...'

Tapestry

A tapestry of memories...

beautiful woven, deeply loved

'This piece is very much about healing. Her gesture is protective. While carving the relief pattern on her dress, I just kept carving... I wanted to push the message further, so I kept going, surrounding her with nature and everyday objects – metaphorical of a life well lived. The carved icons reflect our connections to those we love. Our story is one we share with others, all woven together, as in a tapestry. When we lose someone special, our shared experiences and memories become all the more precious to us.'

Patience

Love is patient, love is kind

'Patience is about inner reflection, peace and calm. Her coloring is very soft, very quiet. I wanted the viewer to feel the weight of her leaning on her hands. To feel the passage of time – when everything stops – to be in the present.

It's a reminder to take a moment to breathe.'

decorative arts faux books

Love Poetry is a beautiful backdrop to a romantic couples piece, such as *Home* or *Promise*.

27431 Love Poetry Decorative Arts Book
Height: 25.0cm, Length: 16.5cm, Depth: 5.0cm

Beautiful books have long been collected as decorative objects for the home. The design and typography of these finely crafted faux volumes is influenced by the early twentieth century golden age of book design. They serve as elegant backdrops and foundations of colour and texture for Willow Tree figures, in particular family groupings.

Sculptures can be positioned in groupings or alone, on top of a book, or standing in front of a book. The complementary colours and design of the books create a beautiful display.

Decorative Arts Books make wonderful gifts for Willow Tree enthusiasts as a way to show off and highlight special pieces.

A family figure in front of *Family Stories* Decorative Arts Book is a wonderful Mother's Day gift grouping.

Signature Collection

'Starry Night Nativity is a new format for me. I wanted to portray the traditional narrative in a new way; tell a story and engage the viewer in a small space. All the figures fit into an 8" box that opens up as a triptych and reveals a starry night encircling an intimate scene.'

I wanted this to be a special piece, that would be kept for a long time, or possibly handed down within families.'
